Pop-Up Marquees

Quality and Value

At Instant Shade Marquees we have been manufacturing quality pop-up marquees for 15 years, and our new NeoShade range is the culmination of all of these years of experience and product knowledge combined to produce the BEST instant marquee on the market.

These marquees feature:

- Choice of Deluxe or Heavy Duty frames
- Reinforced crossbars, heavy duty upright centre posts and quality connector brackets
- Choice of quality 600DN Polyester canvas or 270gsm PVC
- "Easy-on" velcro walls featuring 50mm wide velcro
- Digital printing of logos, graphics and text
- Wide choice of standard fabric colours or custom print your specific colour

Branded Marquees

Digital printing is available to Polyester canopies and walls and allows for all-over coverage and custom colours and photo quality graphics.

Our graphic artists will help you create a design that will maximise your brand exposure and really get attention!
